JamStar Media, a production and distribution company of high-quality cross-platform content, has struck a deal to exclusively air the online pilot of HUGE worldwide on Jaman.com, a leading global community and online destination for quality entertainment. HUGE is a sexy webisode series set in New York's world of rock, fashion, partying and hustling. The pilot is now live exclusively on Jaman.com until December 5th and can be viewed at www.jaman.com/hugetheshow.

"Jaman is giving us the chance to bring HUGE to a worldwide audience, as well as build a fan base that will allow us to continue creating new episodes," said Ranjit Grewal, CCO of JamStar Media. "We are very excited to be working with a company that shares our viewpoint of marketing and distributing HUGE in an innovative and interactive manner."

"This is a fun and creative opportunity for us to build upon our mission of helping independent film and television directors distribute and share their short and feature-length projects," said Jaman CEO and founder Gaurav Dhillon. "HUGE will play to an engaged community on Jaman that will actively support the filmmakers' vision and future endeavors."

After a second sneak peek run at Blip.tv, the full series will premiere later this year at www.hugetheshow.com on JamStar Media's patented interactive platform JamStarTV, which allows viewers to experience the show at their own pace and learn about "tagged" items within the content such as clothes, shoes, jewelry, furniture, electronics, automobiles, and locations. Viewers will also be able to purchase, store or share tagged items, get background info on characters, download original songs and have a shared interactive viewing experience with friends via live web chat or blog. Syndication to Jaman.com, Blip.tv, MySpace, YouTube and others will quickly follow the initial release of the series. HUGE will also be packaged for domestic and foreign TV sale, as well as DVD sales.

HUGE follows Izzy (Alyssa Sutherland), a stunning and savvy 30-something model who can no longer compete with the younger fashion elite. Determined to turn a new leaf, she convinces a gritty, but gifted, rock band on the cusp of stardom that she's the right person to manage them. All she needs to do now is get the band to the gigs and meetings that will make them or break them - provided that they don't break her or each other first. HUGE is directed by Malik Bader (Death of a President, Street Thief) and written by Daniel Janoff and Paul LeRoy.

About Jaman

Jaman.com is revolutionizing the way people discover, enjoy and share movies all over the world. The company is pioneering entertainment on the Internet by delivering high-definition films to a growing online community of fans and filmmakers. Viewers around the globe can browse and select from Jaman library of thousands of unique films and then view these movies on their PCs, Macs, televisions and home-set-top boxes. Jaman's popular community features provide a forum where people around the world can review, discuss and share world-class films with each other. Jaman is based in San Mateo, California, and is backed by luminaries in technology and media. For more information, please visit www.jaman.com.

About JamStar Media

JamStar Media, based in Brooklyn, New York, was founded in 2006 and recently completed production of the internet pilot for their original series "HUGE," as well as two other cross-platform pilots titled "Railed" and "Clue." JamStar Media is also currently developing additional projects, and has designed, built, and patented the prototype of their proprietary-rich Internet application (RIA) media distribution platform at www.jamstar.tv.
